

Important Messages from Mrs. Wauldron

December 1, 2017

AR Goal

Our AR goal for 2nd trimester is 20 points. Earning 20 points will earn your child the class movie party! If your child would like a pizza party, then they will need to earn 30 points. We only had one student earn the pizza party last trimester and I know I have a lot of good readers so I expect to have many more this time! I have a chart in the class that shows the students where they stand in AR points. I expect each student to earn 1 ½ points per week. With everyone reading for 20 minutes an evening, this shouldn't be difficult to do.

Multiplication Facts

We have started memorizing our multiplication facts. I have fun stories from "Times tables the Fun Way" that I share with your student. If you would like to check out copies of the stories just write me a note. We are also beginning our timed tests to assure that they are memorizing their facts. We are doing the program "To the moon and back!" The kids will be timed on their multiplication facts on the way to the moon and then timed on their division facts on the way back to Earth. I will be giving a nice prize when they land on the moon and Earth. Please help your child study their multiplication facts at home. They should have their facts up to 5's memorized within a couple of weeks. If they don't pass the timed test for the day, then I will tape it into their planner next to where you sign so you will know what to assist them with.

Letters to Santa

Each child in our classroom has written a letter to Santa. The Pioneer publishes them each year in their paper. We never know which paper they will be published in so I have made a copy for each family and placed it in their Friday folders.

Christmas Party

Some students are asking if we are doing a gift exchange this year. We are not doing a gift exchange in this class. We will just bring treats and play some fun Christmas games. I have divided the class up for treats. I will provide the drinks and napkins. We have 24 very special students in our class this year! No hard candy please because I am afraid of choking. I am very flexible so if you can't bring in the type of treat I signed you up for then feel free to substitute.

Fruit: Jase, Kamryn

Crackers: Jordan, Calvin

Cookies: Roselynn, Allie, Karis

Candy: Ryan, Cole, Cody

Thank you for all you do!!
Mrs. Wauldron
